COMMUNITY RESOURCE GUIDE 2012

BOARD OF SUPERVISORS, COUNTY OF LOS ANGELES
MICHAEL D. ANTONOVICH
SUPERVISOR, FIFTH DISTRICT

Dear Altadena Community Member,

The County of Los Angeles is pleased to offer the 2012 edition of this vital resource guide highlighting valuable information and local updates for Altadena residents. This annual publication is written for your community to connect you to local and regional County services, arts and recreation, community organizations, and important public safety information.

The County hopes this guide is helpful to you and encourages you to save it for future reference. If you have any comments or suggestions, please contact:

County of Los Angeles – Chief Executive Office Office of Unincorporated Area Services

The New Oldest Patrol Station in Service

On September 24, 2011, a ceremony was held to rededicate the Altadena Sheriff's Station after a sixteen-month remodel that renovated almost every room in the station complex and installed a perimeter fence.

Altadena Station is the oldest patrol station in the Department, but the current building is actually the third location to serve the citizens of Altadena. The first Altadena Station opened in 1927 at the southeast corner of Foothill Boulevard (now Altadena Drive) and Lake Avenue. At the grand opening ceremony, Captain Vincent J. Monteleone and his deputies posed for the press holding shotguns and 2,000 citizens, dignitaries, and deputies from other units were in attendance to witness the event. Three years later, a new Station opened two blocks away at Lake Avenue and Mariposa Street. The third station opened on May 18, 1949 at the current 780 E. Altadena Drive location and contained its own jail as well as supporting facilities. Later minor expansions included the acquisition of a building from the County Engineers that became the Station locker room, and an expansion of the west end of the Station in 1961 to provide needed office space.

The most recent upgrades that began in May of 2010 were the most comprehensive since the Station opened. The personnel who were displaced during the remodeling project are extremely appreciative of the new Station, especially the desk personnel who served for almost a year in the former Altadena command post trailer. The real winners, however, are the citizens of Altadena who now have a thoroughly modern station to meet their needs for years to come.

New Trash Collection System in Altadena/Kinneloa Mesa

A new franchise trash collection system in Altadena and Kinneloa Mesa began service on September 1, 2011. The new hauler, Athens Services, will collect the trash generated by single-family residences in the community, and will provide residents with enhanced services such as extra containers for recycling and green waste; on-call bulky item collections in unlimited quantities three times per year (including electronic waste); special community cleanup events; excess green waste collection; free roll-out services for the elderly or disabled; and discounts for qualifying seniors. For more information, please contact the Department of Public Works at **(800) 993-5844** or visit www.athensservices.com/Altadena.htm.

Shopping in Altadena Got Greener!

Effective January 1, 2012, large and small grocery stores, pharmacies, convenience stores, and food marts in unincorporated areas are not allowed to distribute single use plastic bags. Help preserve the environment and prevent litter. Bring your reusable bag every time you shop. For more information, visit www.abouththebag.com.

Quality of Life Center, Inc. (QOLC)

The QOLC has programs to educate and assist at-risk youth and their families residing in the Altadena, Pasadena, and surrounding areas, and is supported by many community leaders and citizens committed to the success of the youth.

On October 1, 2011, the QOLC kicked off its 2011-12 Bright Future Scholars Leadership Development Program. Approximately 250 students and parents attended the event as Dr. Sandra Thomas, Dean of Scholars, welcomed the new and returning participants to this year's program. The Bright Future Scholars Program consists of high academic achievers primarily from Pasadena Unified middle and high schools. Students must maintain a 3.3+ GPA to qualify for the program, and since it began in 2004, 100% of participants graduating from the Program have been accepted into colleges and universities across the United States. In April, scholars attend a Leadership Retreat in Washington, D.C. where they have an opportunity to meet one-on-one with legislators, visit famous landmarks, spend time on Capitol Hill, and interact with youth from around the world.

Help Preserve Christmas Tree Lane!

Every holiday season trees along Santa Rosa Avenue between Woodbury Avenue and Altadena Drive are decorated with ornamental lights during the holiday season for the enjoyment of the Altadena community. This treasured tradition started in 1920, continues every year thanks to the effort of the Christmas Tree Lane Association (CTLA) and its volunteers.

Beginning in October, lights are put up in the trees every Saturday and Sunday (weather permitting) from 9:00 a.m. to 12:00 p.m. until all the trees are finished. Christmas Tree Lane is officially lighted in a traditional lighting ceremony and a Winter Arts & Crafts Festival held around the second weekend in December. CTLA needs volunteers to preserve this tradition! Please visit www.christmastreelane.net for more information.

CALIFORNIA DESIGN 1930–1965: “LIVING IN A MODERN WAY”

Resnick Pavilion

October 1, 2011 – June 3, 2012

This exhibition, the first major study of modern mid-century California design, will examine the state's role in shaping the material culture of the entire country with more than 300 objects including furniture, ceramics, metalwork, graphic and industrial design, film, textiles, and fashion. The exhibition traces the origins of a distinctive California modernism in the 1930s, explores the design innovations made possible by the conversion of World War II technologies to peace-time use, and the design of the modern California home.

LACMA Film Independent

LACMA and Film Independent, the non-profit arts organization that produces the Spirit Awards and the Los Angeles Film Festival, has launched the *Film Independent at LACMA* Film Series, presented by The New York Times. The series brings together Film Independent's large community of filmmakers and a wide spectrum of audiences, with LACMA's commitment to presenting cinema in an artistic and historical context. The new program presents classic and contemporary narrative and documentary films, artists and their influences, emerging auteurs, international showcases, special guest-curated programs, in addition to conversations with artists, curators and special guests. For a listing of events and more information, visit www.lacma.org/series/film-independent-lacma.

New “Dinosaur Hall” opened in July 2011!

In July 2011, the much-anticipated new Dinosaur Hall at the Museum opened to the public! The large-scale permanent Dinosaur Hall rivals the world's leading dinosaur experiences with the volume of individual fossils displayed; the size and extraordinariness of the major mounts, including the world's only Tyrannosaurus Rex growth series (a baby, juvenile, and adult); and the transparent treatment of the

science that surrounds these creatures as a vibrant, ongoing investigation of mysteries solved and still unsolved. The exhibition features over 300 fossils, 20 fully articulated skeletons, physical and digital interactives, and video. In addition to the T. Rex series, the exhibition's standouts include an imposing, never-before mounted Triceratops, a Mamenchisaurus with its 68-foot long neck, and giant reptiles that lived in the oceans covering what is today California. The Dinosaur Hall displays bring visitors closer than ever, allowing multiple vantage points, from above and below as well as alongside the specimens.

Youth Intervention Program Comes to Altadena

Vital Intervention and Directional Alternatives (VIDA) is a 16-week program designed to help non-violent at-risk youth, ages 11-17. The program offers individual counseling sessions for parents and the participants, as well as health education, physical training, community service, and career guidance. Altadena's first VIDA class graduated 10 students on June 11, 2011. For more information, please contact Deputy Scott Wengert at (626) 798-1131.

Get Active in Your Community

Volunteers are a great asset to Altadena and the Station. Their time, service, and dedication are greatly appreciated. The Volunteers on Patrol are civilian volunteers who assist with neighborhood patrols looking for any suspicious activity, assist with traffic control at crime scenes, and conduct residential vacation checks. In addition, the Station has a number of highly dedicated volunteers who help with fundraisers, Station programs, community events, and other activities throughout the year. For information on how you can volunteer, please contact Sergeant Michael Randenberg at (626) 798-1131.

National Night Out - Tuesday, August 7, 2012

The Altadena Station hosts the annual National Night Out event at Loma Alta Park on the First Tuesday of August. This event brings Altadena residents together and encourages the community to make a stand against crime.

The Benefits of Reducing Salt in Your Diet

The U.S. Government's Dietary Guidelines for Americans currently recommends that you should not consume more than 2,300 milligrams of sodium per day, or 1,500 milligrams for certain groups such as older adults and people with high blood pressure. However, the average LA County resident consumes more than double the recommended daily amount of sodium. Excessive sodium consumption is a growing public health concern as over time, the excess salt can cause high blood pressure, heart disease, and stroke.

View our "Salt Shocker" video series at www.youtube.com/lapublichealth which reveals common foods and ingredients, such as cottage cheese and ketchup, that many wouldn't suspect to have excess salt.

Tips to Reduce Your Sodium Consumption

- Eat more fresh foods and fewer processed foods.
- Choose low-sodium and no-salt added varieties of products.
- Remove salt from recipes whenever possible and limit use of sodium-heavy condiments.
- Use herbs, spices, and other flavorings to enhance foods.

Got Pets? Take this quiz and find out how your pet's health affects your health!

Pet owners may not be aware of the ways that animal and human health are connected. Pets can develop some of the same problems as their owners. Many health problems that affect dogs and cats are avoidable through proper care and maintenance. By preventing certain dog and cat health problems, we can also help prevent these problems in people.

Learn what you can do to keep yourself and your pets healthy by taking a short Pet Health and Safety Quiz at www.publichealth.lacounty.gov/vet.

Single-Family Grant Program

This CDC program helps qualified low-income individuals or families who own a single-family home or mobile home within the unincorporated areas of Los Angeles County. Grants up to \$5,000 are available for electrical, plumbing, heating, and roofing repairs, and elimination of code violations. For more information, please call (323) 890-7083 or (323) 890-7239.

Did you know that you can dial 2-1-1 to access information for emergency food and shelter, senior services, childcare, employment resources, low-cost health care, alcohol and drug-related support, volunteer opportunities, and an array of municipal services, including code enforcement at no cost to you. The 2-1-1 information service is provided in many languages. 2-1-1 is operated 24 hours a day, 7 days a week. The information you provide to the resource advisors is confidential.

If you are unable to access 2-1-1 directly, please call (800) 339-6993 or visit the 2-1-1 LA County website at www.211LA.org. NOTE: In case of an emergency, you still must dial 9-1-1.

Prepare Your Animals For an Emergency or Disaster!

The DACC encourages all pet owners to take steps to be ready for emergencies, which can strike at any time.

Have a Plan. One of the most important components of emergency preparedness is having a plan in place for you and your family. The same goes for your pets! Make arrangements now with family or friends who would be willing to welcome your pets in the event of an emergency, and make plans with your neighbors to care for or evacuate your pets if you are unable to do so. Each pet should have its own crate/carrier that has good air circulation and is large enough to allow your pet to stand, turn, and lie down.

If you have horses or other livestock, be sure to make evacuation arrangements or prepare an area where they can remain safe during an emergency. It is vital for horses to be evacuated early from threatened areas so horse trailers do not interfere with emergency response vehicles. DACC encourages you to have a working trailer available and train your horse to load into a trailer. If your horse will not load easily or safely, work in advance to make your horse's area as safe as possible to take shelter. Check with your local Fire Department for clearance regulations.

Have an emergency kit for your pets. Make sure to include food and water (at least three days worth for each pet) and any necessary medications. Dogs should wear a collar with license and identification information. Be sure to have extra collars and leashes with ID tags for cats and dogs. Have a copy of all of your pet's important information (registration, microchip, vaccination, and other important medical records). Also include familiar items, such as favorite toys and treats, which can help reduce stress for your pets during a disaster.

Recycle Today For A Brighter Tomorrow

Minimizing the amount of waste you generate can help create a more sustainable environment for future generations. Help reduce your environmental impact by conserving resources, avoiding wastefulness, and redesigning your daily activities to be as environmentally-friendly as possible.

Here are some helpful tips:

- **Protect the community.** Safely dispose of household hazardous, electronic, and universal wastes by bringing them to the County's free collection events. www.CleanLA.com
- **Carry reusable bags.** Reusable tote bags can be easily folded to fit into purses and pockets until they're ready for use. www.aboutthebag.com.
- **Make your own compost.** Learn how to mix brown and green organic materials with water to create nutrient-rich soil for your yard by attending a free Smart Gardening workshop or visiting www.smartgardening.com.
- **Spot an entrepreneurial opportunity in someone else's discards.** **LACoMAX.com** is a free service used to help businesses, organizations, and institutions find alternatives to the disposal of valuable materials. Use this online service to find something you need or to make available something you have.

Remember to do your part for the environment and recycle. Learn more by visiting the County's Residential Recycling program website, www.RethinkLA.com.

Ignite Your Business Venture Through the Business Technology Center (BTC)!

The BTC is a program of the Community Development Commission that assists in the development of innovative technology businesses. The BTC provides a setting where entrepreneurs are guided by mentors who consist of seasoned members of the corporate, legal, and entrepreneurial community and who are selected by their ability to coach and contribute to innovators and high-impact ventures.

The BTC also provides discounted rates for complete facility services in a secure building with conference rooms and free parking, and below-market or at-cost pricing for a variety of business services such as high-speed internet, telephone, copying, postage/FedEx, projectors, video conferencing, and more. CEO Roundtable sessions, networking opportunities, workshops, and business seminars are also provided.

The BTC is located at **2400 N. Lincoln Avenue, Altadena, CA 91001**. For more information, call (626) 296-6300 or visit www.labtc.org.

Road Improvement Project for Lake Avenue!

Construction is currently underway along Altadena's Lake Avenue that will greatly improve pedestrian and vehicle safety, and boost traffic circulation on one of the area's vital roadways. The plan includes the creation of a two-way left-turn lane on Lake Avenue north of Palm Street; installation of red curbs; and new street striping.

Lake Avenue will be restriped from two lanes in each direction to one lane in each direction with a two-way left turn lane starting from Palm Street and extending north to Loma Alta Drive. Two existing crosswalks at nearby Concha Street and Mount Curve Avenue will be upgraded with ladder type markings for greater visibility.

The project is expected to be completed by the end of summer 2012.

Be Part of a New Vision of Altadena!

The Fifth Supervisorial District and the County's Community Development Commission and Department of Regional Planning are initiating a community outreach, planning, and visioning project in Altadena. The County seeks feedback from business owners, property owners, local residents, and other stakeholders related to current and future local development and improvements. The project hopes to gain community consensus as a precursor to possible amendments and/or updates to the Altadena Community Standards District. Public meetings to solicit community input will be announced in 2012. Look for public notification and information at www.altadenatowncouncil.org.

YOUR OPINION IS IMPORTANT!

Let us know what you think about the Altadena Connection. Fill out an online survey at www.lacounty.gov. Click on the **Residents** link (on the upper-center of the page next to the LACounty.gov logo) and then click on the **Unincorporated Areas** link to access the Community Connection survey.
